You can call it Rauchen Schwarz Super-Starkes Bier, or you can call it Smoked Black Lager (Imperial-style), but just know that we couldn't find a rule in the Bavarian brewing playbook prohibiting big smoky blackness, so we went ahead and brewed it. The Reinheitsgebot can sue us.

**It's Imperial-strength German-style Black Lager with Weyermann Rauch malt. Enjoy Bonfire with meats, cabbage soup, kielbasa and trout, or just have a few glasses of smoky goodness as you're burning away the long hours until Ragnarok.**

*Or go Irish Dry Stout one better, shuck some oysters, and apply Bonfire internally.*
